Motion:
Vote:

ADJOURNMENT

**STAFF REPORT**

DATE: MAY 10, 2024

TO: BOARD OF DIRECTORS

FROM: KENDYLE ANDERSON, EXECUTIVE ADMINISTRATOR

RE: CITY OF OROVILLE- LETTERS OF SUPPORT FOR TRANSPORTATION PROGRAM (ATP) GRANT

SUMMARY

Staff is asking the Board to approve the request from the City of Oroville to provide three support letters for the Transportation Program (ATP) Grant.

BACKGROUND

The City is pursuing ATP funding to improve connectivity and safety in both the northbound and southbound directions of Washington Avenue and Table Mountain Boulevard for all modes of transportation to schools, county services, religious institutions, commercial corridors, residential multi- and single-family, transit stops, and the downtown. This project will leverage prior funding for a multi-jurisdictional Complete Streets Project on SR-162 and is the result of several years of planning and collaboration between the City, County, local stakeholders, and residents. The three letters of support are requested to be submitted by May 17, 2024.

BUDGETARY IMPACT

No impact.

RECOMMENDATION

Sign letter of support templates that were submitted by the City of Oroville.

ATTACHMENT

Draft letters of support for the three projects:

1. Washington Avenue and Table Mountain Boulevard Complete Streets Project
2. Washington Avenue Complete Streets Project
3. Table Mountain Boulevard Complete Streets Project

RE: Washington Ave. and Table Mountain Blvd. Complete Streets Project Letter of Support

Dear Ms. Taylor,

On behalf of Feather River Recreation and Park District, I would like to offer this letter of support for the City of Oroville's (City) application for Active Transportation Program (ATP) funding for the Washington Avenue and Table Mountain Boulevard Complete Streets Project. The City has shown strong leadership in developing a vision for a corridor that serves broad mobility needs for people walking, cycling, taking transit, or driving along the important north-south corridor. The vision will continue to be refined based on community input and goals to improve public safety. The project will reduce greenhouse gas emissions and improve mobility, connectivity, and safety for all road users by establishing a well-organized corridor that closes gaps on pedestrian and bicycle facilities, addresses stormwater flow needs, and supports current and future housing growth.

ATP funding support will be used to finance the design and construction phases of the project. Doing so will enhance connectivity to schools, county services, religious institutions, commercial corridors, residential multi- and single-family, transit stops, and the downtown. This project will leverage prior ATP funding for a multi-jurisdictional Complete Streets Project on SR-162 and is the result of several years of planning and collaboration between the City, County, local stakeholders, and residents.

We look forward to working with the City in continuing to address access, mobility, and safety for all users. Should you have any questions, please contact Kendyle Anderson, Executive Administrator, at KendyleL@Frrpd.com.

Thank you for your consideration.

Sincerely,

Scott Kent Fowler
Board Chair
